Preferred levels of full casket crypts or lovely backlit, glass front cremation niches

Lakeview Memorial Park is a non-profit, non-sectarian cemetery offering traditional in-ground interment sites as well as above ground crypts and niches.

Lakeview Memorial Park has truly become a South Jersey landmark with its manicured lawns, beautifully tended flower gardens, shrubs and trees...and of course, the delightfully soothing, water fountain. We are an established Memorial Park, located in beautiful South Jersey and have been serving generations of families since 1930.
